

Matrimonial Funding

Matrimonial Funding

Hampshire Trust has developed a new **Matrimonial Funding Facility** because it recognises that the funding of matrimonial proceedings by the Legal Services Commission is becoming ever more difficult to obtain leaving people on relatively modest income as well as those who are **asset rich but cash poor** in difficulty. This client based facility **enables the client to pay interim bills** as they are delivered thereby enhancing your cash flow.

The key benefits of the facility include:

- **Simple, client based** funding regulated by the **Consumer Credit Act**
- **Unlocks capital** and **improves cash flow**
- Funding is available at any stage for both **new** and **existing cases**
- Drawdowns may be used to pay **disbursements already incurred** and not yet billed together with **ongoing disbursements**, subject to an agreed limit
- **Competitive interest rate**
- Payments made by **BACS**
- Operated **via a secure internet interface** called **HELIX** which allows information to be obtained and account administration 24/7

These loans give the client the means to pursue **divorce and ancillary relief proceedings** at a reasonable cost, repayable within an agreed period after the matter is concluded or upon the expiration of three years, whichever occurs first.
